CUBAN GOVERNMENT ON FIRM FOOTING

Gen. Gomez, who at the end of Cuba's second year of independence, finds his administration apparently more firmly entrenched in power than it has been at any time since the termination of the provisional government of Magon.

On January 28, 1909, Gen. Gomez dominates the political situation and enters on the third year of his administration under much more favorable conditions than those which attended his inauguration, as that event was almost immediately succeeded by a clash between president Gomez and vice president Zayas over the appointment of Ricardo Arnau as chief of the secret service. This political war came near disrupting the Gomez administration.

Five Minutes Sometimes Makes A Big Difference

If You Are Suffering The Torments of Indigestion And Have To Wait Until Someone Ruin to Visit the Drug Store For A Box of Stuart's Dyspepsia Tablets.

Free Trial Package.
The instant relief afforded poor over-burdened stomachs by the use of a Stuart's Dyspepsia Tablet should be a reason for constantly keeping a box on hand—at home and at the office as well.

The Stomach Welcomes Quick Relief.

A Stuart's Tablet not only aids digestion, but it actually does the digesting itself. In other words, it furnishes exactly the same elements for the digestion of food as the natural juices of the stomach. The stomach, therefore, is not called upon to do any of the work except to churn the juices furnished by the tablet and then push the digested food along into the intestines where it will be still further digested and the strength taken up by the blood to be carried to the muscles and nerves of the body.

So by taking a Stuart's Dyspepsia Tablet after a meal you give the stomach the rest it needs in which to mend itself and grow well again. And you absolutely prevent the souring of any food, the formation of any poisonous gases, belching, foul breath or constipation.

Every druggist everywhere sells and personally recommends Stuart's Dyspepsia Tablets. The price is 50 cents per box. If you first wish to try them a sample package will be sent you free if you write to F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

LAS CRUCES HAS DISASTROUS FIRE

Amador Building Burns; C. M. Poole and J. B. Wickard Lose Heavily.

Las Cruces, N. M., March 3.—At 4 o'clock this morning fire was discovered in the C. M. Poole undertaking establishment in the Amador building on Main street. E. J. Kennedy, in search of a physician for a sick man at his rooming house, saw the blaze in its incipient, but was unable to raise the night engineer by telephone at the time. He then started for the alarm electric light plant, so that the alarm could be given, and he and J. B. Wickard finally went to the plant and got the engineer to blow the fire whistle. By the time the fire company arrived both the Poole room and that to the north, occupied by the Mission pool and billiard hall, was a mass of flames with heavy smoke so thick that entrance could not be made from the front, the firemen having to start at the back door. The total loss will exceed \$10,000.

Luckily, there was no wind and the flames were confined to the two rooms, although it was only by the most strenuous efforts that the room to the south, into which the Rio Grande Republic printing office had just been moved, was saved. The Stevenson building to the north of the pool hall was kept from burning by volunteers who threw water upon the roof and front. The Ascarate, Field and Moreno homes, across the street, were in great danger, the woodwork being charred and the windows broken. These were also saved by drenching with water.

The volunteer fire company prevented a spread of the fire into what would certainly have wiped out an entire block. The boys were seriously handicapped, as there was no way of getting water to the roofs except in buckets, the small mains and the 2 inch bibbs and hose not being of sufficient capacity, and the pressure being practically nothing. Most of the work was done with chemical extinguishers.

That Las Cruces needs efficient water works was demonstrated by this fire, and there is much cause for the city authorities for the reason that no action has been taken toward securing a system.

J. B. Wickard, proprietor of the pool hall, places his loss at \$2500 with \$2000 insurance. He had just, the day before, received from the Brunswick-Saite Cigarette company a new bowling alley and had moved the entire outfit into his hall.

C. M. Poole, the undertaker, suffers a \$3000 loss with \$2000 insurance and \$1000 insurance was carried. The Rio Grande Republic printing plant was damaged to the extent of a few hundred dollars by water.

L. W. Case had recently moved his

Victoria to the pool hall for exhibition purposes and it, together with all his records, were burned, the loss being over \$700. Several shot guns, pistols, etc., were burned and several hundred rounds of ammunition made a warlike fusillade during the progress of the fire. The building was adobe side and real walls, with a brick and plate glass front and iron roof, having been built in 1897.

The origin of the fire is unknown, unless from spontaneous combustion. Mr. Poole had closed his place of business at half past five o'clock last evening and there had been no fire either in his room or in the pool hall during the day.

COMMITTEE APPOINTED TO WELCOME COL. ROOSEVELT.
Las Cruces, N. M., March 3.—The Mesilla Valley chamber of commerce met yesterday and appointed M. C. O'Hara, Dr. W. E. Garrison, W. H. H. Llewellyn and Col. A. J. Fountain as a committee to arrange for a fitting reception to ex-president Roosevelt when he arrives in Las Cruces on March 15.

"Red Ball" are California's Choicest Oranges

On the breakfast table—in the sick room—for making salads, puddings and other desserts—for a bite between meals, in the lunch box, choose the famous California "Red Ball" Orange. Being tree-ripened, picked, packed and shipped with the utmost skill and care, it is the most healthful and luscious of all fruits.

"Red Ball" Oranges are seedless. They fairly melt in the mouth. There is so little waste in serving and eating them that they are a truly economical orange to buy.

You will recognize them by the tissue paper wrapper, labeled "Red Ball," in which each orange is wrapped.

After you have eaten "Red Ball" Oranges, you will be glad to know there are "Red Ball" Lemons, for they, too, are like the "Red Ball" Oranges—choice fruit, never decayed, always juicy, and make lemon juice so common—place them on your table and kitchen. The "Red Ball" Wrapper identifies them.

FEBRUARY BREAKS WEATHER RECORD

More Rain Than Normal for Month—More Clouds Than for Two Years.

For the first time in over two years El Paso has a month to her credit in the weather records with an excess of precipitation marked down. February recorded 0.96 of an inch of rain—almost an inch in one month; think of it—while in half an inch more than the normal for February, the normal, then, being 0.46 of an inch. We were shy 0.15 of an inch on the month of January, but with our surplus of half an inch for February, El Paso is still ahead of the average by 0.35 of an inch on the two months.

Another record was broken. We had but seven clear days in February, all the rest being cloudy or partly cloudy, according to Uncle Sam's weather man. While by the way, was another record broken for there was not another month in the years of 1909-1910—the records were not searched further back—with as few clear days as the one we have just passed up.

John W. Sickelsmith, Greensboro, Pa., has three children, and like most children they frequently take cold. "We have tried several kinds of cough medicine," he says, "but have never found any that did them any good as Chamberlain's Cough Remedy." For sale by all dealers.

Lungs Declared Sound— Life Insurance Granted.

If you knew a remedy that really had cured Tuberculosis; that had saved from death quite a number of people, would you try to get Consumptives interested in it and induce them to take it? It would be a very noble thing about it for fear of giving offense?

We know the medicine. We know the people cured—some of them. We have the stories of cures in many—affidavits from some. We advertise Eckman's Alternative to tell those who are suffering the saddest tale that has been told by its use. Investigate the following:

1618 W. Dauphin St., Phila., Pa.
Gentlemen: On the evening of May 13, 1907, I had five hemorrhages from the right lung. My hemorrhages kept up for one week. I had 13 in all. Septic pneumonia developed. The doctor told me I had better go to another climate, as my left lung had also become affected.

About that time I met Howard Klotz, 1619 Susquehanna Ave., this city, who had hemorrhages several years ago and who was cured by Eckman's Alternative.

I started to take Eckman's about the latter part of August, 1907. My appetite improved at once and in about two weeks I started to gain weight. I improved steadily. Later, a very bad lameness developed in my right leg and I commenced to wet a lump on my right hip. My doctor told me I was getting a tubercular abscess and that it was affecting the sciatic nerve. The lameness and lump gradually disappeared. Have not had any trouble of this nature since.

Since my recovery about a year ago, I was accepted for life insurance, after two examinations by a company that had previously rejected me. I have advised several people to take Eckman's and those who took it faithfully had the same results as myself.

She Was Not Cut to Pieces

Letter From Terre Haute
Tells How Mrs. Sickler
Escaped Unnecessary
Operation.

Terre Haute, Ind.—"I refused to be operated on," writes Mrs. Elmer Sickler, of 464 N. 2nd Street, "the morning of the day I heard about Cardul. I had abscesses inside, way up, and my doctor said I would have to be operated on, before I would ever get well."

"I tried Cardul. It helped me greatly. Now, I am almost well, and am not cut to pieces either. Before taking Cardul, I could not stand on my feet to do my work. Now I do my own washing and ironing."

Cardul has brought health and happiness to thousands of weak women. For over 50 years, it has been relieving women's sufferings, and building weak women up to health and strength.

Using Cardul is no experiment. It has stood the most severe of all tests—the test of time. Of how many druggists in the materia medica can this be said?

If your druggist is a friend, ask him confidentially whether he recommends Cardul. He will tell you the truth.

Forty thousand druggists sell Cardul.

It is a good medicine.
